After this week we intend to call on the merchants of Deming every Tuesday morning for the purpose of securing any notices of this nature they may wish to make in the issue the following day.

Woman's Duties.

A woman who keeps her home in order and has the care of a family, has just as much responsibility as the man who provides the means to carry on the housekeeping. She is deserving of the more credit since the demand of her strength is greater. The everlasting sameness about her duties, and the confinement necessary to carry them out is very trying to the nervous system, this produces a strain on the mind that makes irritable, cross and dissatisfied, which is just as much a disease as rheumatism or catarrh. If the nerves can be built up and made strong by medicine of some kind, this feeling is changed to one of cheerfulness and pleasure in her duties. The medicine that makes strong healthy nerves, and prevents disease by building up the entire system is Dr. Gunn's Blood and Nerve Tonic, a tablet to take at meal time. Cures nervous prostration by making rich red blood, feeding the nerves and making solid flesh at the rate of one to three pounds per week. The medicine is sold by druggists for 75cts per box, or 3 boxes for \$2, or sent by mail post paid upon receipt of price. Write us about your care. Address Dr. Cosanko Med. Co., Hhilada, Pa. For sale by J. P. Byron & Son.

Court Doings.

On Tuesday evenings last a Mexican by the name of Eugenio Orono had a hearing before justice Pennington on the charge of assault with intent to commit rape. The facts developed that on last Saturday night the accused went to the house of Marcelina Herrera, a young and not bad looking Mexican woman, and attempted to enter the house. Finding the door closed and the woman refusing to open it Eugenio opened the window and attempted by flourishing a big knife, to frighten the woman into yielding to his demands. She, however, made such an outcry that the neighbors came to her rescue and drove the fellow away. Constable Oglesby arrested the wouldbe rapist on Monday afternoon, and he will lay in the hotel de Foster until the next session of the district court.

The Stomach is the Man.

A weak stomach weakens the man because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia cure cleanses, purifies, sweetens and strengthens the membranes of the stomach and cures indigestion, dyspepsia and all stomach troubles. J. P. Byron & Son.

Chinese Booked for Mexico.

Inspector Fred McKeehan of Douglas, in speaking of the trouble given the customs officials, says that his department is kept on the quiver watching for parties of Chinese smugglers.

"A new steamship line has already booked 200 celestials direct from the orient to one of the Mexican ports on the Gulf of California," said the inspector, "and our force will be materially increased in an endeavor to prevent any of them crossing to this side of the line."

The inspector expects to be located at Naco for the greater part of the time. While he has had no assistant heretofore, he expects that the new steamship line will cause an increase of inspectors all along the line.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia is that of Mrs. Gertrude E. Penner, Marian, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 145 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." J. P. Byron & Son.

Wallace Hardison of the Los Angeles Herald recently attacked Gen. Otis of the times, in the latter's box at the Los Angeles theater. As a result Otis has a black eye and Hardison several stitches of silk in his ear. Think of it! Two leading newspaper men of the great state of California engaged in a slugging match in a crowded theater! If such a thing had occurred in this territory it would have afforded Otis a text for another sermon on "Why Arizona is too tough to be admitted as a state."—Mesa (Ariz.) Free Press.

What's in a Name.

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and prouting piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's salve has no equal. This is given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. J. P. Byron & Son.

Lead Bringing a Better Price.

Lead goes up with silver. This will be glad information to the miners of New Mexico and Arizona. The following is a copy of a circular letter sent out to its customers by the Consolidated Kansas City Smelting company of El Paso:

"El Paso, Tex., March 10, 1903
Dear Sir: We take pleasure in advising all our shippers of domestic lead ores that, effective March 10, the American Smelting and Refining company's purchase price of lead in ores is advanced 25 cents per 100 pounds. It is our intention to give all shippers full benefit of this increase in prices, whether their ore be under contract to us or not. Therefore on all ores received at our works on and after the 10th of March the payment for lead will be increased 25 cents per 100 pounds, or 5 cents per unit.

"We trust this advance in prices may stimulate the production of lead ores in the southwest, and assure you that we shall always hold ourselves ready to give to the miner the full benefit of any increase in prices.

"Yours truly,
"El Paso Smelting Works,
"By F. E. Earle, Manager."

The best pill 'neath the stars and stripes: It cleanses the system and never gripes. Little Early Risers of worldly repute—Ask for DeWitt's and take no substitute. A small pill easy to buy, easy to take and easy to act, but never failing in results. DeWitt's Little Early Risers arouse the secretions and set as a tonic to the liver, curing permanently. J. P. Byron & Son.

Too many benders are apt to react and place a man in straitened circumstances.

A woman asks a man's advice so that later on she can tell him how little he knew.

Fortune seems to delight in knocking at the average man's door when he is absent.

There has been a grain famine in our town for the last week, owing to the delay in freight, but we notice this morning that the Deming Mercantile company is unloading a car of corn, so the famine is broken.
